OBJECTIVE

B.Tech Computer Science student with practical experience in building web applications using React and Node.js. Good understanding of data structures, APIs, and backend development, with interest in learning new technologies.

SKILLS

- **Languages:** C++, C, Python, JavaScript
- **Core Concepts:** Object-Oriented Programming, Data Structures & Algorithms, REST API Design, Problem Solving, Machine Learning
- **Frontend:** HTML, CSS, React.js, Next.js
- **Backend:** Node.js, Express.js
- **Database:** SQL (PostgreSQL)
- **Tools:** Git, Docker

EDUCATION

Netaji Subhash Engineering College
B.Tech in Computer Science (CGPA: 7.95)

Oct 2022 – June 2026

EXPERIENCE

Software Engineer Intern | ChildTynker

Dec 2024 – July 2025

- Developed **Student, Teacher, and Admin dashboards** for an EdTech platform enabling efficient class and user management
- Implemented features for **class scheduling, course management, and student tracking**
- Integrated **Razorpay payment gateway** for handling course purchases and transactions
- Built REST APIs for **user roles, course lifecycle, and payment handling** using Node.js and SQL
- Contributed to debugging, testing, and performance improvements in Agile development cycles

PROJECTS

CRM Management System

- Built a client management platform to manage leads, clients, and project workflows
- Designed modules for client onboarding, project tracking, and approval processes
- Implemented authentication using **JWT** and built REST APIs using React, Node.js, and SQL (PostgreSQL)

Event Management System

- Developed a multi-role system supporting Admin, Vendor, and User functionalities
- Implemented full CRUD operations for event creation, booking, and management using REST APIs
- Used **session-based authentication** and **bcrypt hashing** for secure password management
- Built using React, Node.js, and SQL (PostgreSQL) ensuring efficient data handling

ACHIEVEMENTS

- Won 3 National-Level Startup Competitions
- Finalist in startup competitions conducted at IITs and IIMs
- Secured 3rd Position in Hackolution Hackathon at IEM Kolkata

POSITION OF RESPONSIBILITY

Logistics Head – Entrepreneurship Development Cell

- Managed logistics and coordination for multiple entrepreneurship events

HOBBIES

- Playing Cricket
